ROOFING AND CARPETING

Taggart Brown & Associates, Inc. 8(a) Prime Contract W15QKN-17-C-1058

By: Ted Gattino, Director, Business Development

Taggart Brown & Associates, Inc., completed the installation of a new 10,700 SF EPDM roof on the main building for the 99th RSC, Rockville, Maryland during Q4, 2017. In addition, we completed re-carpeting 3 offices on the first floor of the building. The project was completed in 42 working days and included all demo of the existing ballasted roof, coping metal, gutters and downspouts. A new EPDM roof system, metal flashings, gutters and downspouts were professionally installed. Existing rolled carpet was replaced with new carpet squares and cove base in 3 offices with furniture. The carpeting was completed in 1 day.
