Title: Roof Replacement of the NWHC, Milton Friend Building
Location: 6006 Schroeder Road, Madison, WI 53711
Start: **Contract Awarded** – December 13, 2021 | **Construction Start** – April 1, 2022
Completion: August 19, 2022
Cost at Award: \$858,800
Cost at Completion: \$858,800
Prime Contractor: Taggart Brown & Associates
Subcontractor(s): F.J.A. Christiansen Roofing Co.

Taggart Brown & Associates was awarded the contract to replace the main building roof for the USGS's National Wildlife Health Center in Madison, WI. With the contract awarded in the middle of winter in Wisconsin, work was not able to begin until the spring when temperatures rose to an appropriate level. Our team provided value engineering to dampen the effects of unprecedented materials shortages and delays in PVC roofing that many roofers are still dealing with today. Despite these challenges, Taggart Brown & Associates successfully completed the 35,000 SF project on budget with no cost overruns.
